PERSONAL PROTECTIVE EQUIPMENT

DIY · LAWN+GARDEN · FARM+RANCH · CONSTRUCTION

WORK HARD. STAY SAFE.®

LEADING THE WAY TO A SAFER TOMORROW

At Radians, we are on a mission to protect lives worldwide by manufacturing high quality Personal Protective Equipment (PPE). With over 25 years of expertise, we offer a comprehensive line of safety products for the retail marketplace, including hardware, DIY, lawn and garden, farm and ranch, and construction.

Understanding the unique needs of big box and mom-and-pop retailers, Radians is committed to delivering exceptional value by offering worldwide-recognized brands, competitive pricing, low minimum orders, flexible ordering options, and efficient distribution channels that ensure timely delivery of our PPE products.

Our dedicated customer support team collaborates closely with retailers to provide personalized service and expert guidance on product selection and merchandising strategies. Radians' detailed planograms and point-of-sale displays ensure that retailers can effectively showcase our PPE products to enhance brand visibility and drive sales.

Our commitment to operational excellence, quality assurance, and unwavering dedication ensures our products meet or exceed the highest safety standards, empowering people to conduct their daily tasks confidently and compliantly, whether at work, home, or play. By partnering with Radians, retailers can provide their customers with reliable PPE solutions that enhance safety and peace of mind while helping retailers succeed and thrive in a competitive marketplace.

Thank you for choosing Radians as your partner in safety.

USA MANUFACTURING

QUALITY. VALUE. AVAILABILITY. The last couple of years have driven home the importance of manufacturing safety products in the USA. Choosing American-made personal protective equipment ensures top-notch quality, great value, and stable availability, supporting local industries and reducing supply chain uncertainties.

Radians has known this for over a decade now, so we have been consistently expanding our capabilities in this area at multiple facilities. You have our solemn pledge that we will continue to move forward in this critical area by manufacturing more products in America.

LICENSED PARTNERSHIP

Since 2003, we've proudly crafted premium personal protective equipment bearing the prestigous DEWALT brand. These products are designed to deliver superior protection, offering advanced features for durability, comfort, and safety.

SUSTAINABILITY

At Radians, our commitment to sustainability extends beyond our own operations to include our entire supply chain. Our suppliers play a crucial role in our sustainability journey, reflecting our shared dedication to environmental responsibility.

1. **Supplier Engagement and Renewable Energy Initiatives**: Our suppliers are integral to our sustainability efforts, with many adopting robust sustainability policies, including fabric and yarn recycling, energy-efficient product designs, and social compliance standards like BSCI and WRAP. Significant strides are being made in renewable energy adoption, with several factories now powered by solar and biomass fuels, alongside energy conservation measures.
2. **Waste and Water Management**: Our suppliers are dedicated to effective waste management practices, aiming to reduce waste by 10% annually through recycling and proper hazardous waste disposal. They also prioritize water conservation by using water-efficient fixtures, recycling systems, and training employees on responsible water usage.
3. **Sustainable Sourcing and Continuous Improvement**: Over 60% of our suppliers use recycled materials and FSC-certified packaging, with plans to increase sustainable sourcing. Continuous improvement efforts focus on advanced energy-efficient technologies, expanding renewable energy use, and strengthening partnerships with sustainable suppliers.

By working closely with our suppliers, we are committed to reducing our environmental impact and promoting a more sustainable future. Join us in our journey towards a greener future.

TESTING AND QUALITY

Personal protective equipment is a critical aspect of ensuring worker safety and is the last line of defense against injury. Its effectiveness relies heavily on adherence to regulatory standards. Non-certified PPE poses significant risks, potentially undermining comprehensive safety programs, exposing workers to injuries and employers to legal liabilities.

You can trust Radians products. We prioritize quality, subjecting our gear to rigorous testing and certification processes to meet and exceed all regulatory standards.

RADIANS IN-HOUSE TESTING CAPABILITIES

Our in-house eyewear testing facility and state-of-the-art hearing protection laboratory, accredited by the National Voluntary Laboratory Accreditation Program (NVLAP Lab 500090-0), allows us to test eyewear and hearing protection devices to ensure they meet the S3.19 and S12.6 standards. This comprehensive testing ensures our products provide the highest level of protection in any industrial setting.

THIRD-PARTY TESTING

Third party laboratories subject PPE to rigorous testing, often under conditions that are more demanding than those found in the workplace. Radians partners with these labs to test our comprehensive product lineup, including safety glasses, high visibility materials, fire retardant materials, European Union products, and gloves engineered to withstand cuts, abrasions, punctures, and impact.

QUALITY ASSURANCE

The International Organization for Standardization (ISO) 9001:2015 specifies requirements for a quality management system where an organization needs to demonstrate its ability to consistently provide product that meets customer and applicable statutory and regulatory requirements.

ISO 9001
www.radians.com
Quality Management System certified compliant by Intertek

Our ISO 9001 certification requires 3rd party audit of Radians' Quality Management System to internationally recognized requirements and reinforces our commitment to customer focus, including the manufacture and distribution of quality personal safety products.

TOUGH PROTECTION FOR DEMANDING JOBSITES

Recognized around the world, DEWALT has always had the toughest tools to help you get the job done. With DEWALT protective gear, now you can make sure that the toughest jobs are done safely. DEWALT protective gear is engineered for comfort, durability, and above all, safety.

HAND PROTECTION

DEWALT gloves are crafted with durability, comfort, protection, and performance in mind. Available in a variety of categories, including cold weather, performance, cut protection, leather, and coated, there's a DEWALT glove prepared to meet the tough demands of your jobsite.

EYE PROTECTION

Eyeglasses are not safety glasses unless both the lenses and frame comply with the specifications for safety eyewear described in the ANSI Z87.1-2020 standard. There are a variety of DEWALT safety eyewear available, including performance, foam-lined, anti-fog, magnified, polarized, and goggle solutions.

HEARING PROTECTION

Hearing loss is permanent. DEWALT hearing protection offers several products that help combat noisy environments. From disposable foam earplugs to Bluetooth earmuffs, turn to DEWALT to protect your hearing.

HIGH VISIBILITY PROTECTION

The need to be seen is a critical issue for worker safety, especially for workers who perform tasks on or near moving vehicles or equipment. From vests to sweatshirts, DEWALT offers hi-vis apparel that keeps you visible, protected, and allows you to perform at your best.

HEAD PROTECTION

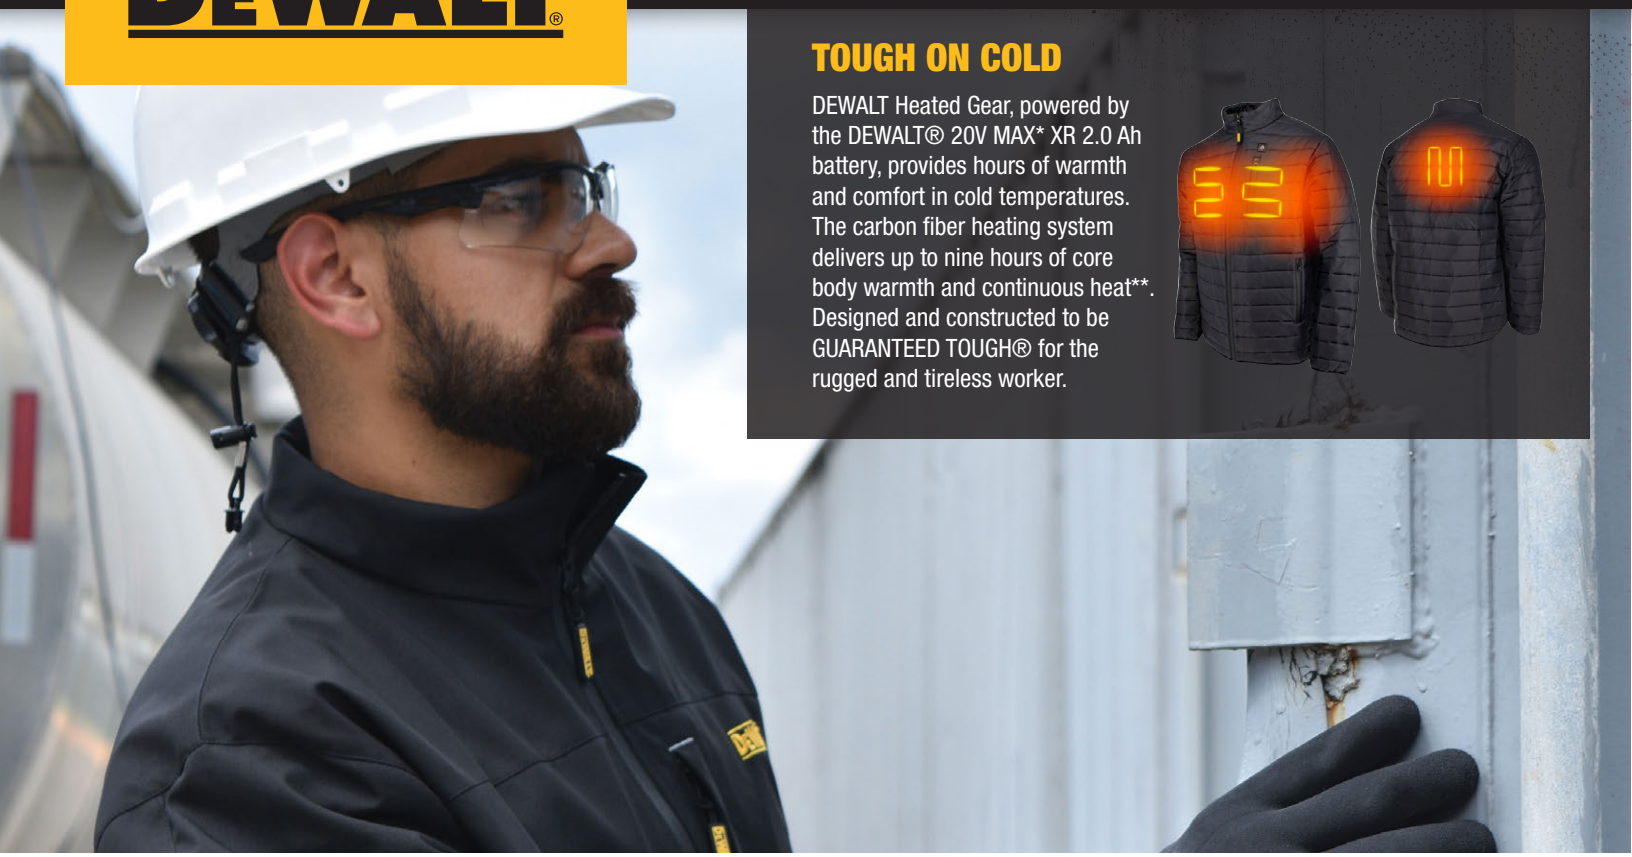

Protecting your head is vital. On most job sites, hard hats and safety helmets are often the only line of defense against head injuries. DEWALT has you covered with Type I and Type II head protection solutions.

HEATED GEAR

Available in men's and women's styles, DEWALT Heated Gear, powered by the DEWALT 20V MAX* XR 2.0 Ah battery, provides hours of warmth and comfort in cold temperatures. The carbon fiber heating system delivers up to nine hours of core body warmth and continuous heat.

DEWALT®

TOUGH ON COLD

DEWALT Heated Gear, powered by the DEWALT® 20V MAX* XR 2.0 Ah battery, provides hours of warmth and comfort in cold temperatures. The carbon fiber heating system delivers up to nine hours of core body warmth and continuous heat**. Designed and constructed to be GUARANTEED TOUGH® for the rugged and tireless worker.

WHY TYPE II HEAD PROTECTION?

DEWALT Type II Safety Helmets offer unparalleled protection in diverse scenarios involving climbing and possible head impact. The DEWALT Type II helmet offers a brimless design for a greater field of vision, a lower profile for enhanced mobility, and a 4pt chin strap to help keep the helmet securely in place when climbing, looking around or in the event of a fall.

Whether it's ascending ladders, navigating scaffolding, working on power or telecom poles, or engaging in tasks that demand fall protection, DEWALT Type II helmets provide indispensable protection. In contrast to Type I helmets, Type II helmets offer comprehensive protection against impacts from various angles and rotations, making them essential in industries with a heightened risk of lateral impacts.

CROSSFIRE® by RADIANS

TAKES AN IMPACT. MAKES AN IMPACT.™

CROSSFIRE® Premium Safety Eyewear by Radians takes an impact with ANSI/ISEA Z87.1-2020 certified frames and lenses.

CROSSFIRE safety eyewear makes an impact on or off the jobsite with bold styles that protect your eyes from debris and UV rays, without sacrificing the appeal of sunglasses.

CROSSFIRE Polarized Lens Technology knocks out glare by filtering the reflected bent light resulting in enhanced, undistracted vision in potentially dangerous environments

CROSSFIRE High Definition Lens Technology provides enhanced vision and exceptional optical clarity by filtering out the most damaging blue rays.

CUSTOM IMPRINTING

QUICK. CUSTOM. IN HOUSE.

Branding PPE with your logo, company name, or safety message not only elevates and differentiates your brand, but it offers these value-added benefits too:

- YOUR PPE protects people and advertises your business and brands
- YOUR COMPANY exudes professionalism and a greater sense of corporate identity
- YOUR EMPLOYEES are easily recognizable and feel part of a team

Eco Master® Ladies Synthetic Leather Palm

- Recycled foam laminated spandex back with slip-on cuff and pull tab
- Reinforced synthetic leather fingertips
- Recycled synthetic leather palm touchscreen capability on first two fingers and thumb

Reduce. Reuse. Recycle. Wear.

Each year, an estimated sixty million water bottles are thrown away each day in America. It can take up to seven hundred years for just one plastic bottle to break down and biodegrade. Throwing away plastic bottles hurts the environment.

To solve these problems, people have worked together to develop a process to recycle plastic bottles and turn them into useful items, including furniture, fences, bags, containers, rugs, clothing, and of all things, gloves!

Bellingham® by Radians ECO-Master gloves made with recycled yarn and synthetic fiber materials. All materials used meet the Global Recycled Standard. The standard applies to the full supply chain helping to eliminate reclaimed materials from entering the waste stream.

ECO MASTER® NITRILE

C3705AC **Sizes:** XS-L
13-gauge recycled polyester.
Seamless design molds to the hand
Black micro-foam nitrile palm coating
3 assorted colors

Reduce. Reuse. Recycle. Wear.

The C3705AC nitrile palm coating is breathable for added comfort, has high abrasion resistance for improved wear, and micro finish textured for excellent wet or dry grip. The KT470 incorporates a natural rubber palm coating resulting in excellent grip, durability, and protection for smaller hands.

BAMBOO GARDENER™NITRILE

C5370AC **Ladies Sizes:** S-L
Soft, comfortable 13-gauge bamboo rayon manufactured from renewable bamboo rayon
Seamless design molds to the hand
Abrasion and puncture-resistant black foam nitrile palm coating
3 assorted colors

Breathable. Hypoallergenic. Antibacterial. Sustainable.

Bellingham® Bamboo Gardener™ gloves are synonymous with Bellingham's long-standing reputation for quality, innovation, and industry firsts.

Since 2011, Bamboo Gardener™ gloves have been used and appreciated by gardeners, landscape professionals, growers, DIY home, and Farm & Ranch owners worldwide.

Bamboo rayon is the first man-made natural-based fiber dating back to the late 1800's. It is a regenerated textile considered to be one of the most versatile and economical manufactured fibers available. Not only is it hypoallergenic, but it also offers softness, durability, and moisture-wicking properties.

Bamboo Gardener™ Rubber Palm

C5301 Unisex sizes: S-L
Soft, comfortable 13-gauge renewable bamboo rayon seamless knit liner
Durable, textured natural rubber palm
Excellent grip, wet or dry

The original Bamboo Gardener™ C5301 Rubber Palm glove provides excellent grip wet or dry along with excellent puncture resistance.

Bamboo Gardener™ Nitrile Palm

C5371 Unisex sizes: S-XL
Soft, comfortable 13-gauge renewable bamboo rayon seamless knit liner
Abrasion and puncture-resistant nitrile coating molds to the hand
Comfortable, with excellent dexterity

The original Bamboo Gardener™ C5371 Nitrile Palm provides excellent dexterity, improved breathability, and comfort, and added abrasion resistance.

The new C5370AC Bamboo Gardener™ assorted color nitrile palm gloves join the original styles featuring pastel fashion colors with sizing exclusively to fit women's hands.

CUSTOM IMPRINTING & EMBROIDERY

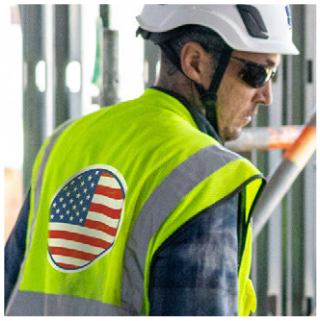

QUICK. CUSTOM. IN HOUSE.

Branding PPE with your logo, company name, or safety message not only elevates and differentiates your brand, but it offers these value-added benefits too:

YOUR PPE protects people and advertises your business and brands

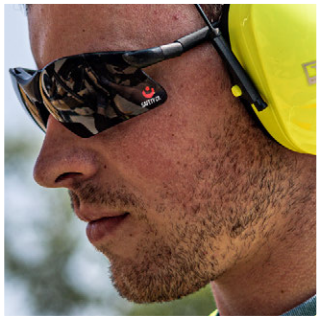

YOUR COMPANY exudes professionalism and a greater sense of corporate identity

YOUR EMPLOYEES are easily recognizable and feel part of a team

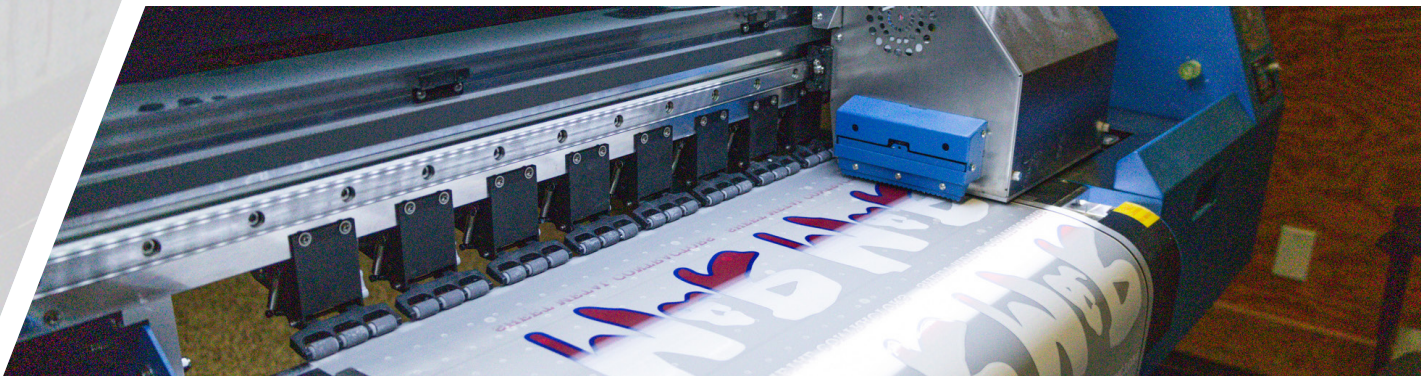

USA-BASED IN-HOUSE SERVICES FOR RELIABLE & CONSISTENT RESULTS

At Radians, we are committed to maintaining our custom imprinting and embroidery services in-house, proudly based in the U.S.A. Unlike other PPE manufacturers, we manage all aspects of production at our facilities in Tennessee & North Carolina. This enables us to meticulously oversee and control every detail of your request, guaranteeing top-notch quality and unmatched turnaround times.

DEWALT®

CUSTOM IMPRINTING

CUSTOM IMPRINT + EMBROIDERY

Make your safety gear do double duty for you by choosing custom imprinted PPE (screen printing, pad printing, heat transfer PVC adhesive labels, and embroidery). Radians' **Custom Imprinting Program** can turn your PPE into a walking billboard!

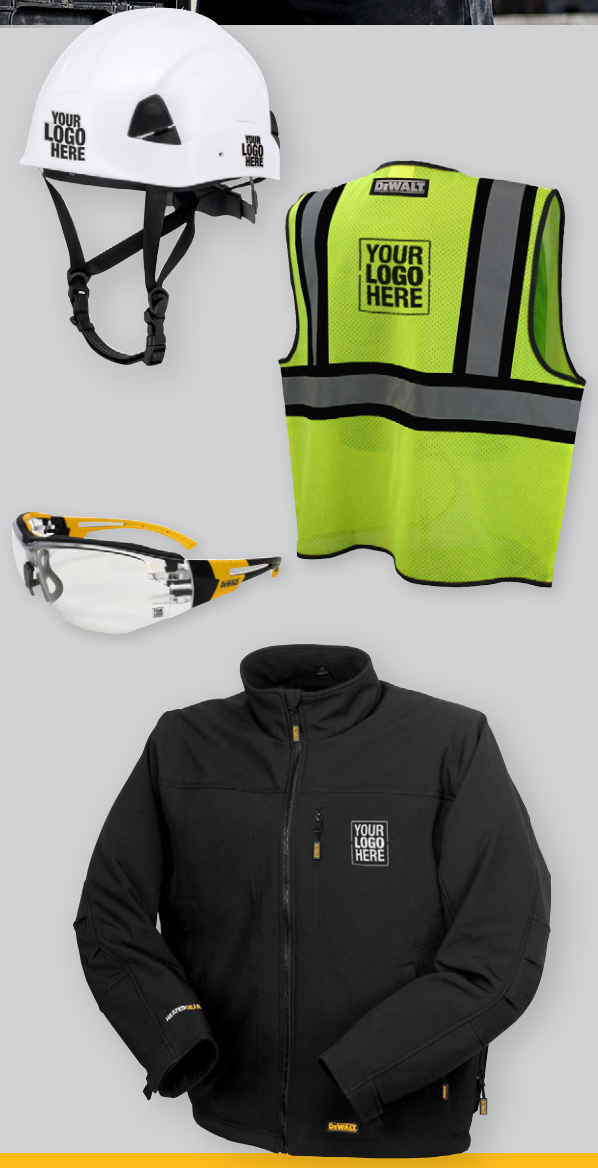

PROMOTE. PROTECT. PERFORM.

QUICK • CUSTOMIZED • ECONOMICAL

- **QUICK**—7 day turn-around time for in-stock colors and products
- **CUSTOMIZED**—Your Logo – Your Message printed in multiple colors
- **ECONOMICAL**—Low minimums—Low Prices

CUSTOM GEAR MADE EASY

1. SUBMIT YOUR LOGO
2. APPROVE YOUR PROOF
3. PRODUCTION BEGINS
